NEWSLETTER – Teachers of the Year 2024-25

Each year, the Teachers of the Year program encourages students, teachers, and parents to nominate teachers who have made a positive impact. We have been recognizing our dedicated teachers at District 16 since 2005.

We sent out nomination forms (in English and Spanish) through the parent newsletter and our website. We received 116 nominations this year (nominee list below). Once we notify these teachers of their nomination, they have the option of producing a packet very similar to the MN level teacher packets if they want to further this pursuit. A selection committee reads each one and votes on two who represent our fine teachers: one from PreK-5th grade, and one from 6th-12th grade.

All nominees received certificates, and we honored our two winners at the SLPTU Spring Social. On May 2nd, the two 2024-25 Teachers of the Year were announced. Congratulations to Amy Brockman (SLPHS) at the secondary level and Justine Tschida (Park Terrace) at the elementary level.

These two outstanding individuals will be introduced to you, below, in their own words:

Justine Tschida:

When I became a teacher, I vowed to always make room for students to make connections in any capacity. This means that I must have books in my library that truly represent those beautiful faces that I teach every day. This means that I need to find ways to know each and every one of my students personally. To me, it is not good enough to just know them as students. I commit to knowing my families and seeing them outside of school. I take time to learn about the holidays and special days that each family celebrates. All of the effort I put into making personal connections with my students, their families, and their community gives us room to make incredible connections to the content we learn inside and outside of the classroom. They start to take ownership of their learning and friendships with others.

Amy Brockman:

One of the greatest teachers I ever learned from (and also a Minnesota Teacher of Year), Tom Keating had a quote that I continue to use often with kids and it is, "You will not be remembered for the races you won, they grades you earned, or the clothes you wore, you will be remembered for how you treated others." I use this quote with students all the time. I want them to think about the bigger world beyond themselves and how they can make a difference in it. I want them to know that they are important and valued and to treat others in a way that makes others feel important and valued. Teaching students to be good humans is one of the most rewarding parts of my job.

The nominees for 2024-2025 Teacher of the Year are ...
